Property Description

Private residential with sea views, designed for you to enjoy the sea and nature, in one of the best valued areas of the Costa Blanca: Sierra Cortina - Finestrat. If there is something that stands out about Finestrat, it is its natural environment. The old town is located at the foot of Puig Campana, while La Cala de Finestrat is home to those tourists eager to enjoy the sea. Halfway between the sea and the mountains, we find one of the most exclusive residential areas of the North Costa Blanca. An environment dotted with villas and luxury residences, which enjoy the exceptional views of the Benidorm skyline. The leisure offer that Benidorm offers, the proximity of its beaches and its privileged climate, make Sierra Cortina - Finestrat one of the most attractive destinations, for those who seek to enjoy the sea and nature.

Residential is made up of 5 apartment blocks, divided into only 57 homes in which light and cozy spaces prevail. The houses have 2 bedrooms with 2 bathrooms on the middle floor, and 3 bedrooms with 3 bathrooms both on the ground floors and in the attics. All homes include a furnished and equipped kitchen, open to the living room, in which a large window gives way to the large terrace with a glass balustrade, which offers sensational views of the common areas of the residential area and the Benidorm skyline. In addition, they include ducted air conditioning, underfloor heating in bathrooms, home automation system, LED lighting, and garage space, among others. But without a doubt, the most striking thing about the Residential are its common areas, pampered in detail, to offer you a relaxing environment, perfectly integrated with the environment. The back of the residential area offers a pleasant green area, through a beautiful grove that has children's and recreation areas, and that will allow you to take a quiet walk to the large pool area with Wi-Fi connection. The pool is raised in two heights, which are connected by means of a modern waterfall, in which you can enjoy a refreshing swim, in the upper part, or relax in the hammock area in the lower part. In addition, you will have a gym where you can enjoy sports and a Spa area, which will allow you to relax and take care of your health. Acrist.
