Property Description

Tijoco Alto is a pretty little village located 800m above sea level, just 15 minutes from the busy tourist resort of Playa de las Americas. Here we are pleased to offer for sale a 2.000 m2 plot of land with a 4 bedroom, 2 bathroom house. The house has a kitchen, lounge, 2 terraces (one a big roof terrace, the other one is 30 m2) and a big garden. Downstairs there is a spacious garage, which is lived in at the moment; therefore it has a kitchen, 1 bedroom and a bathroom. This property has the most amazing panoramic views to La Gomera, La Palma and naturally of the picturesque mountains to the rear of the property.
