Property Description

Detached old Canarian house that has been renovated some years ago. Very attractive look with some old natural stone walls, contrasting with the white building and blue stable doors. It has quite a few unique features; very thick walls, the stable doors, skylight, high ceilings and ceilings with wooden beams, furniture made to fit the house in several rooms, and an old bread oven in the garden. The house is built around a central open air courtyard to which most rooms enter. In total there are 5 bedrooms, 5 bathrooms (of which 4 are en-suite), fitted kitchen adjacent with a dining room, lounge, big entrance hall directly to the street, There are large arched doors from the courtyard leading to the attractive mature garden and next to the garden is a 10m x 4m private swimming pool. From the garden area there is a gate to the street that would be used as the main entrance if desired. In this area is an old bread oven. A store room/pump room is facing the pool. There are steps from the courtyard up to the large roof terrace (80 m²). From here you have views of the countryside, sea and mountains. On the roof terrace there is also a room with kitchen; excellent for parties! At one side of the roof terrace there is a pagoda. Next to the house there is off road parking for 3 cars. You can access it from the street or a back door to the gardens of the house. The original parts of the house dates back to the 1890's, then 1940's and renovations has been done since. The house is in good condition and with many possibilities.
