Property Description

Set in an enchanting natural landscape, the villa's character is inspired by the climate and traditions of its natural surroundings. The sloping terrain means the plot is accessed from its uppermost point, with the property largely extending below. The villa is accessed via a stone patio reminiscent of an Andalusian secret garden. On entering the plot, one is greeted by a spectacular vista of Andalusian horizon, before descending to be met with the view of the magnificent villa. White, open plan rooms form a vast and versatile space that also acts as the perfect view point from which to admire the beauty of the natural landscape, breaking down the boundary separating the interior from the exterior. Magnificent sweeping views over the golf course to the west, and over the Mediterranean Sea to the south. Finca Cortesin is one mile back from the sea outside the small coastal settlement of Casares and close to the fashionable Sotogrande. Finca Cortesin is 10 minutes drive to Estepona (6km), 25 minutes (40km) from Gibraltar, 50 minutes (84km) from the modern international terminal at Málaga airport and one hour from Jerez (90km).
